## *Exceptional Wildlife Encounters*

Combine the thrill of encountering wild African animals in their natural habitat with the luxurious relaxing comforts of a private 5-star lodge.

With an expert ranger-guide to drive you each day and a staff of three providing perfect hospitality you'll enjoy the ultimate safari experience and take home truly unforgettable memories.

Bring your family and friends to make up a small party and then relax and let our team treat you all to a week's immersion in the magic of African wildlife. There are four options to choose from, including a 2-week bespoke itinerary that takes in Victoria Falls and Cape Town, too.

See the Big Five – Lion, Elephant, Rhinoceros, Leopard and Buffalo – plus so many other wonderful animals at Pilanesberg Wildlife Park. The animals are truly free – not tracked, nor fed – and the ranger guide will help you discover their diets and habitats, routines and family members - and even point out known individuals within a herd or pride. Bring your cameras and sketch-pads to capture those special moments.

## *Pilanesberg Wildlife Park*

Just two hours' drive from Johannesburg, Pilanesberg Park is unique, the site of an ancient volcano which provides 57,000 hectares of naturally diverse habitat for its unusually large variety of native animals. From hilltops and rocky outcrops, to grassy plains, scrub thickets and watering holes the park offers natural vantage points and carefully chosen hides from which to view and study animals and their daily routines. Savannah Safaris' expert ranger-guide drives you twice each day to explore and seek out these precious animals - grazing, playing or dozing - around each corner.
